

Business Link, in partnership with the Watermark Centre, is hosting a free business advice clinic for local businesses

#### What is the clinic?

Aimed at business owners or managers, the clinic is a one-to-one 90-minute meeting with a Business Link advisor. They will review key areas of your business and any issues you are facing - identifying activity and support that will help improve performance.

#### How will it benefit your business?

It will generate a clear set of actions to help:

- Increase sales and customer service
- Manage people and develop skills
- Reduce costs and improve productivity
- Identify new products or markets
- Implement plans for growth

#### What areas will the clinic cover?

- You and your business history
- Your growth and development plans
- Key issues affecting your business
- Activity and support to improve performance
- Activity and support to achieve growth

#### How much does it cost?

This is a fully funded, impartial service; it will not cost you a penny to attend!

#### What will happen after the clinic?

You will receive an action plan covering the key activity agreed with the advisor. You will also receive:

- Help to progress your action plan
- Details of relevant Business Link services
- Links to a network of local specialists
- Information on business events and seminars
